

Inflatable Fabric - Haining Comax New Material Co., Ltd.

Inflatable Castle Fabric – PVC Inflatable Fabric 840D*840D 18*18 550gsm 0.45mm

Inflatable castles, bounce houses, or jumpers are famous for children's parties—the secret to their resilience lies in the fabric. Made from high-strength, flexible materials like PVC or nylon, the inflatable castle fabric is designed to endure hours of active play. Not only does it support the structure's inflation, but it also provides a durable and safe environment for kids to jump and play. With the right maintenance, this sturdy fabric ensures your inflatable castle remains the star attraction at every party.
